Pre-Board (Preparation)

- Two Months Prior/Three Weeks Prior

- List of eligibles sent to Selection Board Support for regular FITREP continuity check and creation of selection board in the Navy Selection Board System and the Navy Officer and Enlisted Board System (OEBS)
- Board Convening Order is generated and routed by PERS-804 for SECNAV approval (**must have to convene board**)

Board Recorder Week (Board Prep)

- Usually starts one week prior to the board with board recorders arrival
- Board Recorders: Verify eligible's record displays accurately in the Selection Board System

(DONE AS A COURTESY TO ELIGIBLE!)

- Verify regular FITREP continuity for previous 5-years
- Verify OSR/PSR accurately reflects FITREP grades and promotion recommendations
- Verify awards & education
- Ensure appropriate stamps on the OSR (e.g., BZ, IZ, AZ, LTB)
- **IMPORTANT!!** – The recorder's verification does **NOT** replace the officer's responsibility to ensure the completeness and accuracy of his/her record.

Board Recorder Week (Board Prep)

Communication with the Selection Board by eligible Officers:

- Letter to the Board (LTB) – see MILPERSMAN 1420-010
 - NOT required, but is authorized by law
 - Written communication from the eligible officer to the Board President
 - **Must** arrive not later than (2359) on the day prior to the board convening date
 - • Preferred method of submission is EMAIL to: CSCSELBOARD@NAVY.MIL
 - May call attention to any matter concerning the eligible officer that the officer considers important to his/her case
 - **By law, a LTB MUST be considered by the board, so use discretion!!**
- Board Correspondence
 - From the eligible to the board, but differs from a LTB in that it is not a letter to the Board President; rather, it is official items that an officer wishes to be considered by the promotion board – these items will be validated by NPC
- FOR EXAMPLE – MISSING FITNESS REPORT or OFFICER PHOTOGRAPH

Federal law prohibits third party correspondence, so items submitted including letters of recommendation, MUST ALL come from the eligible officer!!

Board Week

- Board members arrive on board convening day and review precept/convening order
- Usually 0800 start with welcome/admin remarks
- Members and Recorders are sworn in (Oaths)
- **Mandatory SECNAV brief**
- Members proceed to the appropriate board room
- Members are provided training on the EMPRS system
- Eligible records are distributed randomly to board members
- Members begin review and grade of above and in-zone eligible records
 - Member reviews all FITREPs and other applicable items in the official record of the assigned eligible and places grade, notes, and highlights on the OSR/PSR to be viewed by all board members in the “**Tank**”.

6 eligible records remain for a second review, known as “Crunch” records

Board Week

(Below Zone Vote To Brief)

- After the scattergram is accepted by the Board President, the members view the BZ records displayed in the “tank” by seniority without a member review or brief
- Members vote each record:
 - “100” (Yes – we should review and brief this record) **-OR-**
 - “0” (No – we should not review and brief this record)
- After all BZ records are voted, a new scattergram of BZ records ONLY is displayed for the following voting motion:
 - Vote to drop from further considerations (DFC) all officers with a confidence factor of ## and below
 - Any records not DFC are added to the “crunch” records and will be reviewed, graded, and briefed by a board member
- **NOTE 1: BZ ELIGIBLES ARE ACTIVE-DUTY ONLY & ARE LIMITED TO 10% OF TOTAL AUTHORIZED SELECTS; THEY ARE NOT EXTRA SELECTIONS**
- **NOTE 2: BZ ELIGIBLES DROPPED FROM FURTHER CONSIDERATION DO NOT INCUR A FAILURE OF SELECTION**

Board Week (Final Selections)

- “Crunch” records are reviewed and graded
- Once all complete, the records are again displayed and briefed by the reviewing member in the “**Tank**”
 - *The record will display all markings and grades by both reviewers in different colors allowing members to differentiate which reviewer made what mark*
- All members vote the record via a confidence factor (100, 75, 50, 25, 0)
- Head Recorder records the vote in the Head Recorder’s Notebook and calls out the number of YES votes with the overall confidence factor
- Once all records have been voted, the scattergram is displayed and the floor is open for voting motions
- Members vote on who, if any, to tentatively select and who to drop from further consideration

Board Week

(Final Selections/Adjournment)

- If there are still authorized selections available and there are officers who are neither tentatively selected or dropped from further consideration, then those remaining records continue to be “crunched”
- Process continues until all authorized selections are filled or the board membership does not find any additional officers meet the selection criteria
- The Select List is verified and the board votes to confirm their selections and certify they have maintained the integrity of the selection board
- The Board Members and Recorders sign the signature pages to be forwarded with the board’s Record of Proceedings
- The Board President makes any closing remarks and adjourns the board
